Please: All data submittals to our office should be sent by email to datamanager@epa.gov with a copy to me (or your project manager in the Drinking Water Office). Data reports are due no later than the **10th** of the month following the month that you receive results, or the **10th** of the month following the compliance period, whichever comes first. Please include the whole lab report and copy of the Chain of Custody. Label with PWS name and number; & source or distribution system location codes or names for data collection points.

Subject: Additional DWTSA Funding to Hopi

David,

Emmanuelle and I have come up with a summary of other DWTSA-funded projects at Hopi. It is:

Active IAs:

\$308,000	for a booster line replacement for the Polacca water system
\$67,000	for a feasibility study for Old Oraibi
\$627,000	for a new source well for the Upper Moenkopi water system

Active Grant:

\$308,111	to improve the elevated storage tank and purchase water meters for the Shungopavi water system
-----------	--

Inactive Grants:

\$2,010,000	to improve the Shungopavi water system (new elevated tank and new water lines)
\$1,259,000	to improve the Moenkopi water system (construct RO plant and new water lines)

To date, USEPA has provided \$ 4,579,111 of DWTSA funding for other drinking water infrastructure projects at Hopi. This number is in addition to the \$ 6,022,934 that USEPA has provided for the HAMP.
